# NOPASMART®

YOUR SOLUTION FOR #SMART PROTECTION AND SUSTAINABILITY

NOPASMART® is a next-generation protection and packaging solution that aligns with our Closed-Loop philosophy - delivering maximum value with minimal waste.

NOPASMART® is characterized by its very smooth and fine cell structure. It is perfect for milling, plotting and water jet cutting. This makes it perfect for presentation applications. The fully recyclable NOPASMART® is the perfect environmentally friendly alternative to crosslinked foams.

## Lean-driven production

### Sustainable alternative to crosslinked foam

100% recyclable polyethylene foam.

### Premium look & feel

Quality with a small cell structure for added strength, a soft surface for an elegant touch, and intense colors that ensure your products stand out - ideal for that extra bit of refinement. It is extruded in one piece, so you don't see the layer lines like in laminated products.

[abrisojiffy.com](http://abrisojiffy.com)

## BENEFITS

Premium look & feel

100% recyclable

Available in different colors

Water & moisture resistant

### Ready to start working smarter?

We design our products with you in mind and produce them according to Lean principles, which emphasize efficiency and sustainability.

# See NOPASMART® in action!

## FOR DESIGNERS

With a **variety of colors** and **densities** available, it caters to diverse applications. Additionally, it's easy to laminate with different materials and provides **effortless processing**, making it perfect for use with presses, plotters, and other tools.

## FOR CONVERTERS

For converters, our NOPASMART® offers significant advantages: it is 100% recyclable, supporting sustainable production and serving as an eco-friendly alternative to hard-to-recycle foams, such as crosslinked foams and PU foam which can't be recycled.

Available in standard thicknesses of 50 and 100 mm, it can be layered down into smaller pieces as needed. Our low minimum order quantity ensures quick availability upon request.

And with the introduction of **NOPASMART® XL** with its convenient sheet size of 1000 x 2000 mm, it is easier to store and process.

**NOPASMART® is solution designed with sustainability, versatility, and aesthetics in mind, offering both designers and converters the ability to create durable, visually appealing, and eco-friendly protective products.**

## AVAILABILITY

NOPASMART®	WIDTH	LENGTH	DENSITY	THICKNESS
HD	600 mm	2750 mm	35 kg/m³	50 mm
HD	600 mm	2750 mm	35 kg/m³	100 mm

  

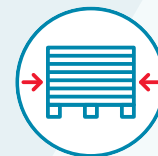

NOPASMART® XL	WIDTH	LENGTH	DENSITY	THICKNESS
HD	<b>1000 mm</b>	<b>2000 mm</b>	35 kg/m³	50 mm
HD	<b>1000 mm</b>	<b>2000 mm</b>	35 kg/m³	100 mm
