

POLYLAM TOP

A PREMIUM LAMINATED PLANK THAT BLENDS STYLE WITH ECO-RESPONSIBILITY

Elevate your packaging with POLYLAM TOP – a premium laminated plank created for modern, stylish, and eco-conscious solutions.

Its defining feature is a high-density top layer that delivers a sleek, elegant finish while standing out in sharp contrast to the rest of the structure. The result? Every project gains a prestigious, professional and unforgettable look.

Why choose POLYLAM TOP?

Striking aesthetics

Bold contrasts and refined colors capture attention and highlight your product's value.

Endless versatility

Ideal for premium packaging, presentation boxes and shadow planks.

Easy to work with

Designed for precise plotter and die cutting.

Customizable colors

Available in a wide range of options to perfectly match your brand's identity.

Eco-friendly choice

100% recyclable material, offering a sustainable alternative to traditional foams.

Strength meets beauty

A durable top layer that both protects and enhances.
